Professional Summary

Self-taught Developer with hands-on experience designing and building modern web applications using JavaScript, React.js, Node.js, Express.js, PostgreSQL, and REST APIs. Through personal projects and my internship at Codeveda Technologies, I have developed full stack applications featuring authentication, database integration, role-based access control, and responsive user interfaces. I enjoy solving real-world problems with clean, maintainable code and continuously expanding my technical skills.

Experience

Web Developer Intern - Codeveda Technologies (Remote)

July 2026 - Present

- Developed responsive web applications using HTML, CSS, JavaScript, React.js, Node.js, Express.js, and PostgreSQL.
- Built full stack applications by creating REST APIs and connecting frontend interfaces with backend services.
- Implemented authentication and authorization systems including protected routes and role-based access control.
- Designed interactive user interfaces focused on responsive layouts and good user experience.
- Created CRUD functionality allowing users to create, retrieve, update, and delete application data.
- Worked with PostgreSQL databases by designing tables and writing SQL queries.
- Used Git and GitHub for version control and maintaining development workflows.
- Debugged frontend, backend, API, database, and deployment issues.
- Deployed applications and configured environment variables for production environments.

Technical Skills

Languages

JavaScript

TypeScript

Python

SQL

Frontend

HTML5

CSS3

React.js

Redux

Bootstrap

Sass

D3.js

Backend

Node.js

Express.js

REST APIs

EJS

Authentication & Authorization

Tools

Git

GitHub

VS Code

npm

Vite

Projects

Clubhouse

Full stack membership platform using Express.js, PostgreSQL, EJS, authentication, and role-based access control.

Notes App

Full stack CRUD application built with React.js, Express.js, PostgreSQL, and REST APIs.

CV Builder

Interactive React application allowing users to create and preview CVs.

Certifications

- FreeCodeCamp Responsive Web Design
- FreeCodeCamp JavaScript Algorithms and Data Structures
- FreeCodeCamp Front End Development Libraries
- FreeCodeCamp Back End Development and APIs
- FreeCodeCamp Data Visualization
- FreeCodeCamp Relational Database
